## Powerful features

### WEIGHT & MORE

QardioBase smart scale measures your weight, BMI (body mass index), and full body composition (body fat %, muscle, water and bone mass).

TRADITIONAL MODE

SMART FEEDBACK

### PREGNANCY MODE

QardioBase tracks your progress during this happy time and beyond, measuring your progress week-by-week during and after pregnancy.

### MADE FOR SHARING

QardioBase body fat scale is designed for the whole family to enjoy, cleverly recognizing multiple users of the same household automatically.

### MINIMALIST ELEGANCE

QardioBase body composition scale is sleek enough to blend into any room, beautiful enough to be the center of attention and accurate on any surface.

### SMART FEEDBACK

QardioBase offers this unique feedback mode, using smileys rather than numbers to track your progress towards your individual goal.

### HAPTIC FEEDBACK

With haptic feedback, a gentle vibration lets you know your measurement has been taken, suitable for those with visual impairment.

### POWERFUL DATA SHARING

Share your measurement data with family and friends automatically or send your readings to your doctor via email, using the Qardio App.

### QARDIO CONNECTED ECOSYSTEM

QardioBase Wi-Fi scale integrates with the Qardio ecosystem using Qardio App - allowing users to store and share their data via Qardio's secure cloud.
